

RIPENOL™

Ripening Concentrate

THE PUREST FUEL FOR PRECISION RIPENING

Ripenol™ Concentrate: Maximum Yield, No Harmful Byproducts

UNCOMPROMISING PURITY. UNWAVERING SAFETY

Not all ripening concentrates are created equal. Ripenol™ is meticulously formulated for precise, clean conversion, safeguarding both your produce and your operations.

WHY RIPENOL™ IS ESSENTIAL?

1. ACTIVE INGREDIENT: ETHANOL (90.00%):

A specially formulated denatured ethanol designed for optimal conversion into ethylene gas.

2. RESIDUE-FREE CONVERSION:

When used with the Safe-Ripe™ ripening generator, Ripenol™ ensures a clean conversion with NO harmful residues or undesirable byproducts left on your fruit or in the ripening chamber.

3. GLOBAL SAFETY STANDARDS:

Manufactured and tested to meet stringent international quality and safety benchmarks.

Ripenol™ - Pure
Conversion

Unauthorized
Liquids - Harmful
Byproducts

WARNING:

NOT FOR HUMAN CONSUMPTION. KEEP
OUT OF REACH OF CHILDREN.

Use of any other liquid may damage the
generator and may produce harmful
by-products which affect the produce.

SUPERIOR YIELD. CERTIFIED QUALITY

Maximize your return on investment with Ripenol™. Engineered for efficiency, it ensures every batch of fruit ripens perfectly, optimizing consistency and reducing waste.

PROVEN PERFORMANCE & ECONOMIC ADVANTAGES

1. MAXIMIZED ETHYLENE OUTPUT:

One liter of **Ripenol™** used with **Safe-Ripe™** ripening generator converts into approximately 0.314 m³ (11.09 ft³) of pure ethylene gas, providing sufficient gas to ripen several loads of fruit. At 150 ppm 1 liter covers 2,093 m³ room.

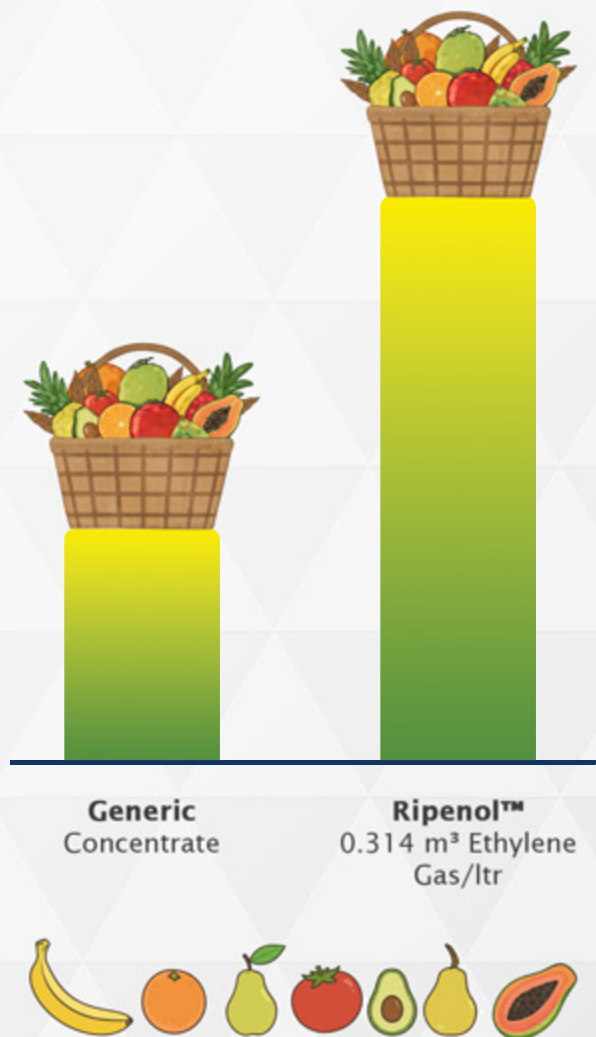

$$0.314 \text{ m}^3 \times 1,000,000 \div 150 \text{ ppm} = 2,093 \text{ m}^3 \text{ (room)}$$

2. COST-EFFECTIVE CONCENTRATION:

Its high concentration and efficient conversion translate to lower operational costs per ripening cycle, enhancing your profitability.

3. VERSATILE FRUIT APPLICATION:

Ideal for a wide range of climacteric fruits, including Bananas, Mango, Avocados, Citrus Fruit, Melons, Papayas, Pears, Tomatoes, and even Tobacco.

SEAMLESS GLOBAL SUPPLY. INTEGRATED EXCELLENCE

Ripenol™ is the essential partner for your **Safe-Ripe™** Generator, forming a robust system designed for consistency and reliability wherever your operations are located.

GLOBAL BULK ORDERING & SUPPLY

• SECURE YOUR SUPPLY:

Available for purchase directly through Al Awalawya Global Trading LLC or via our expanding worldwide distributor network.

• EFFICIENT LOGISTICS:

Non-pressurized liquid concentrate simplifies international shipping and storage requirements.

Disposal Information

Triple rinse containers before recycling/disposal according to local regulations. Refer to the MSDS for complete safety and handling instructions.

SECURE YOUR EXPORT SUPPLY TODAY.

Contact us for bulk export pricing and partnership opportunities.
